

Ho sempre fatto il giro  
in un verso, ma lo si  
puo' fare in 2. Ed ecco  
che appare il  
parallelogramma.

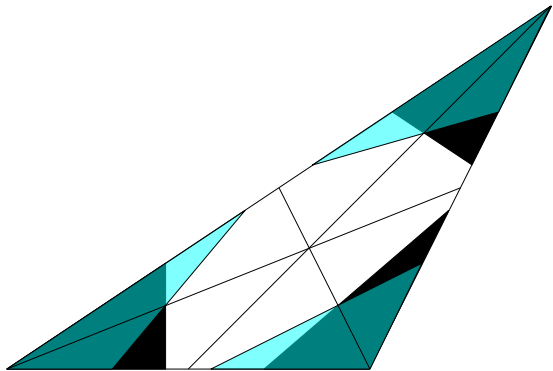

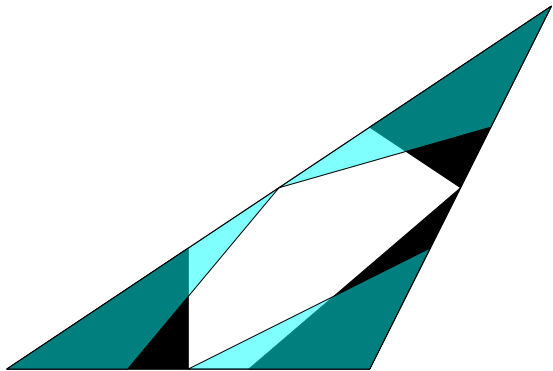

Ho inventato in seguito  
questa espo, ed ora la  
applico alle costruzioni  
precedenti.

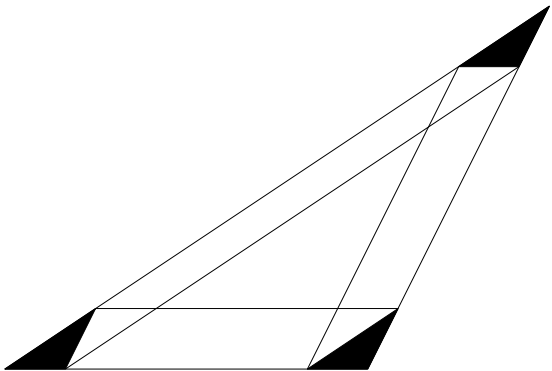

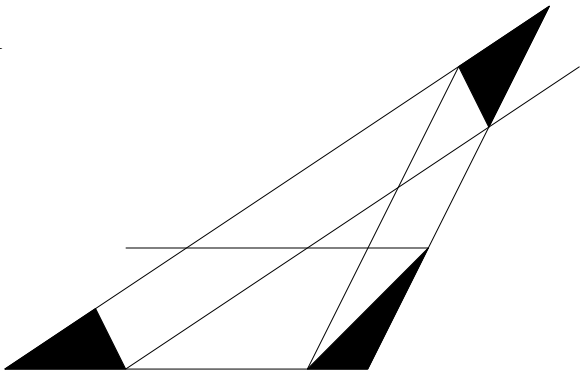

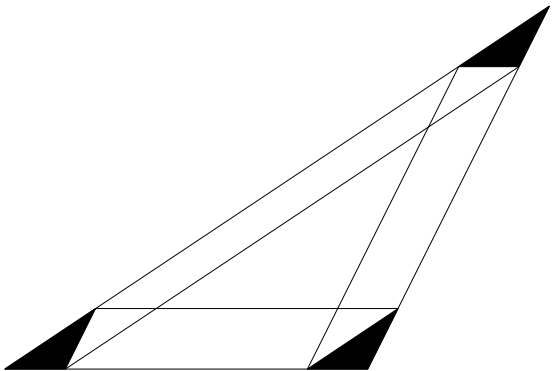

Approfondisco il  
poter fare il giro in 2  
versi.

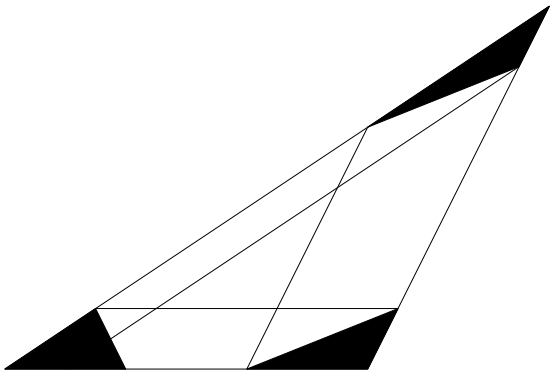

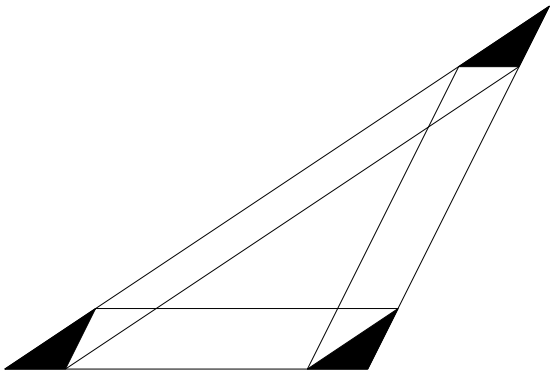

2 triangoli seguenti in  
verso orario.

2 tri seguenti in verso  
antiorario.

I triangoli in ognuno  
dei 2 versi
