

Multipli. Minimo comune multiplo. $m(nU) = (mn)U = n(mU)$.

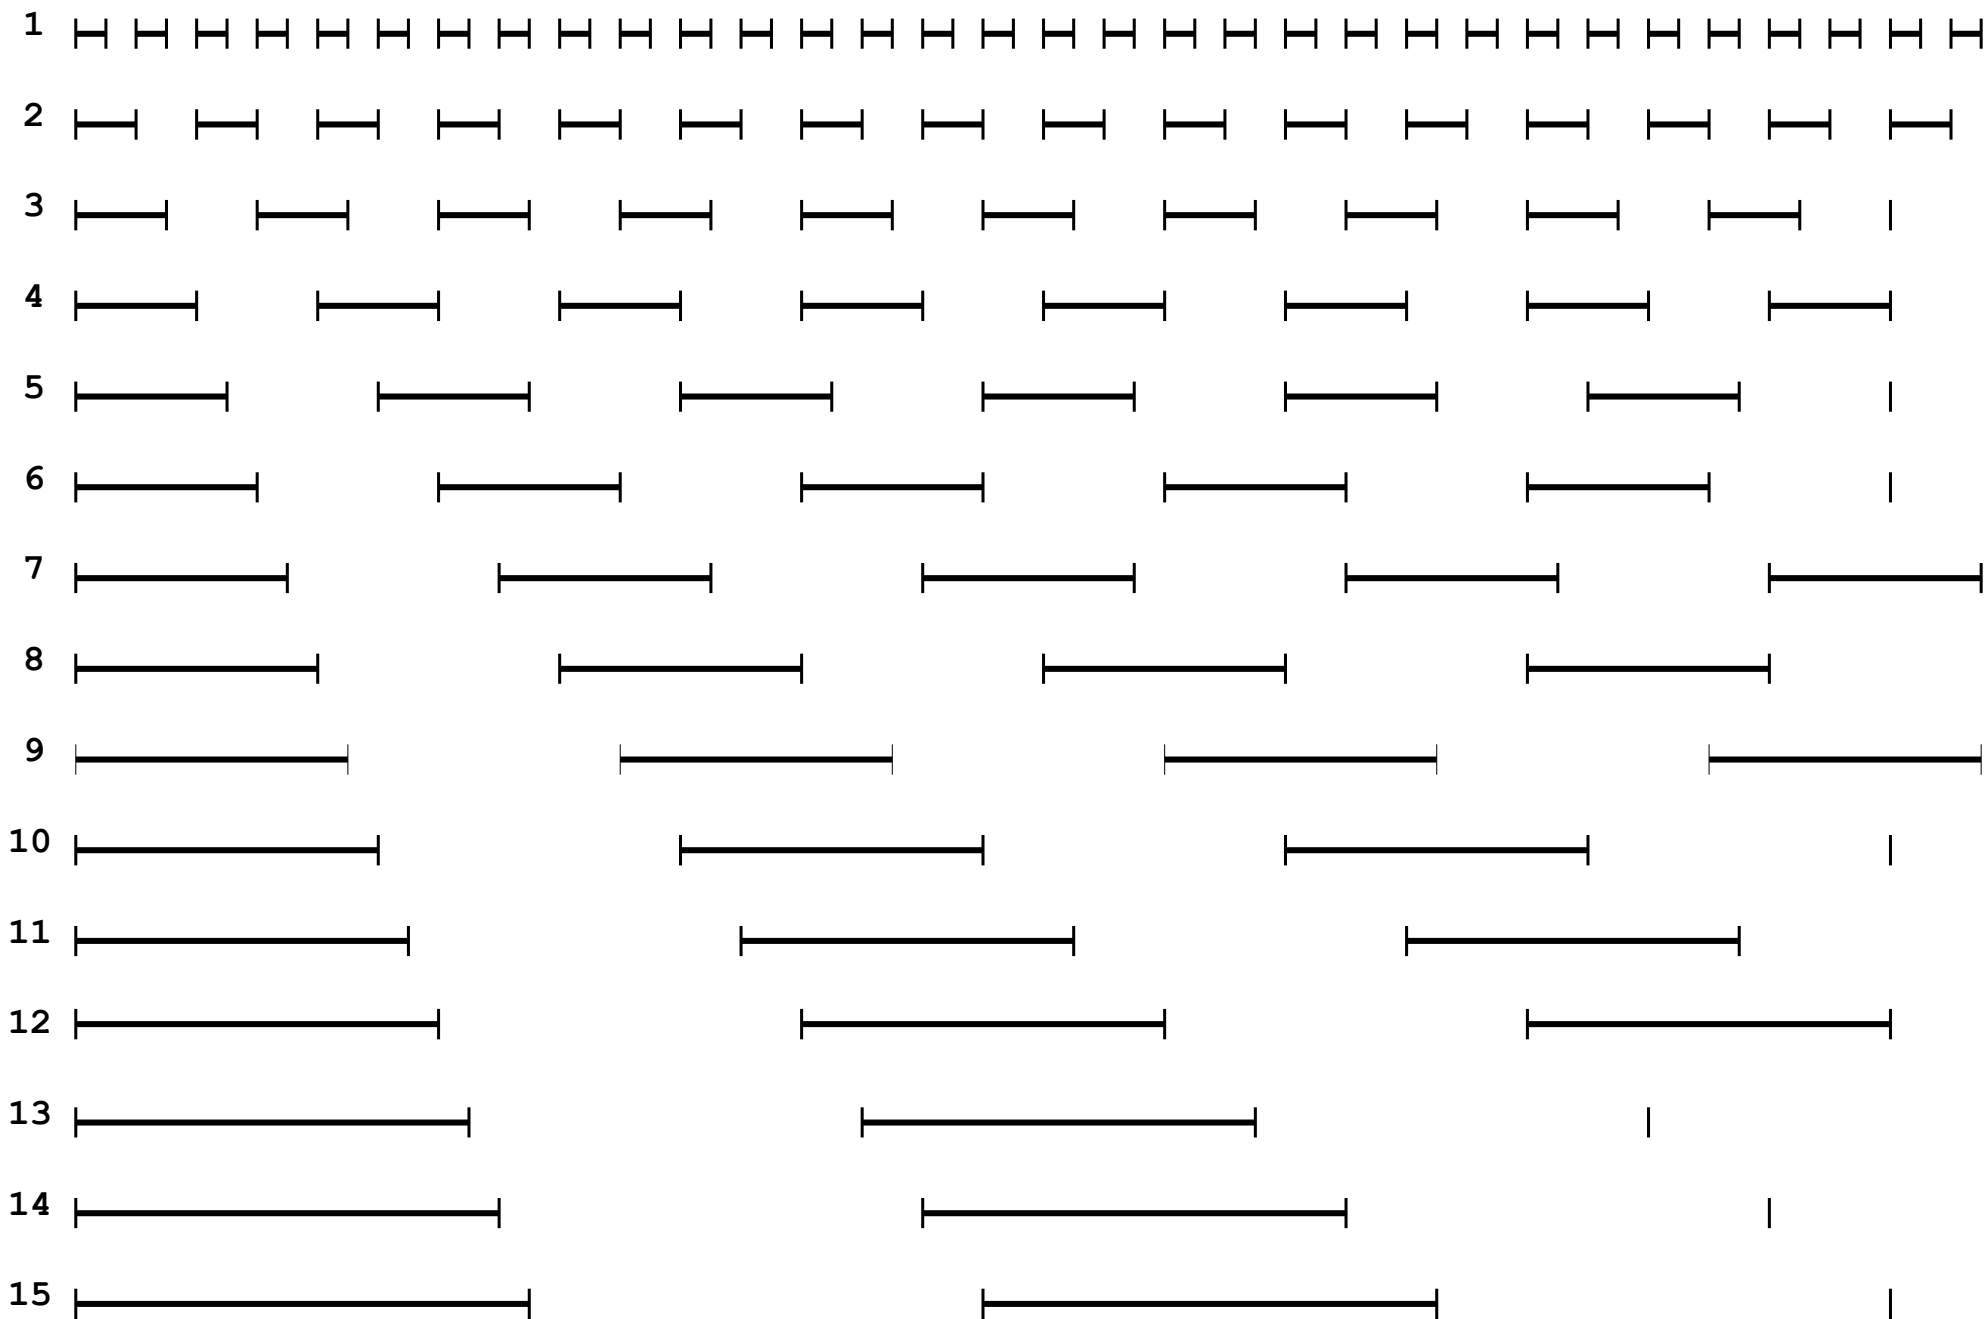

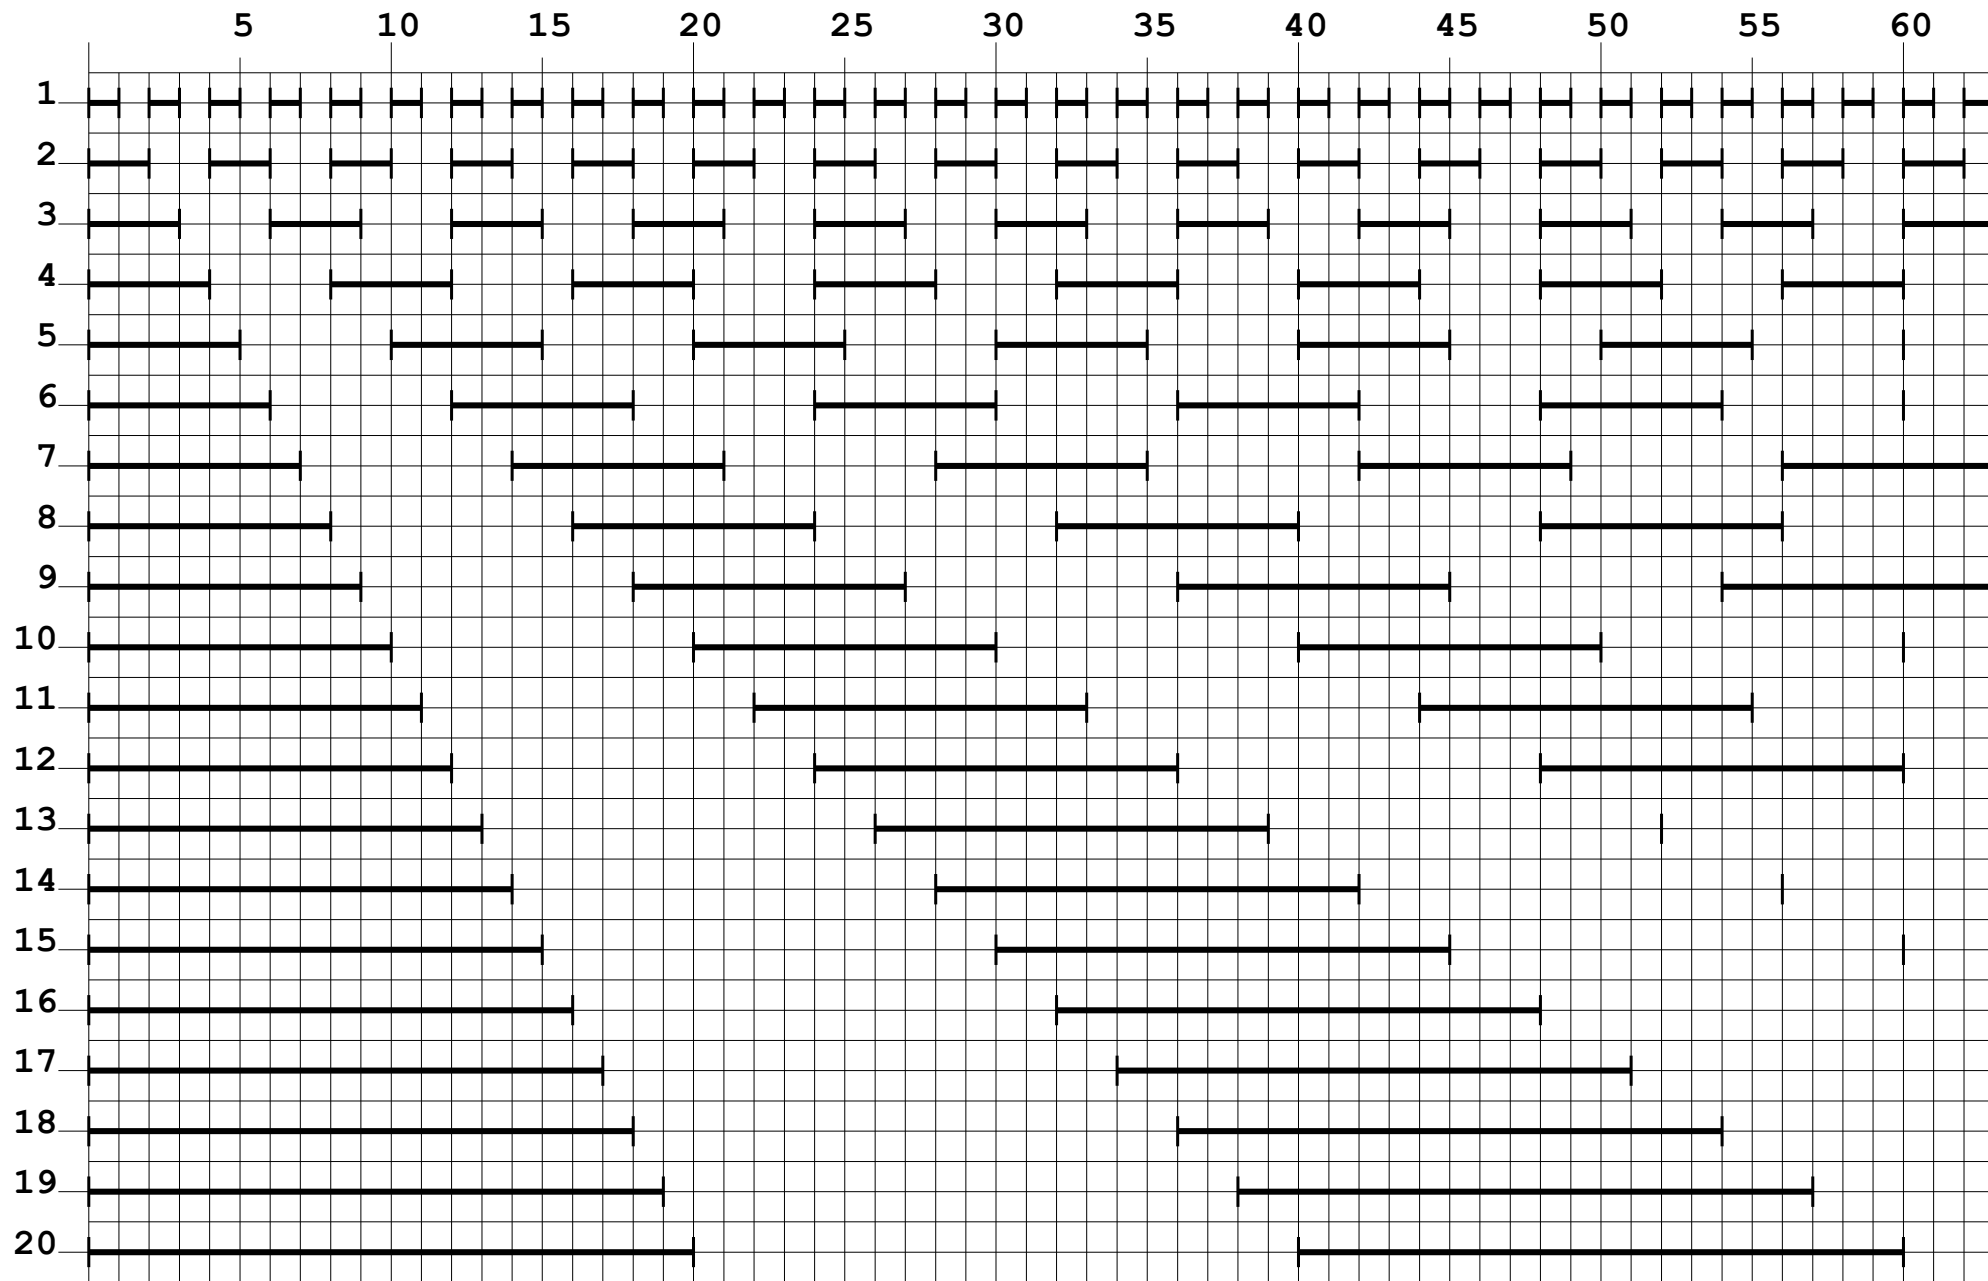

E' il disegno che ritengo migliore per gli studenti da ricopiare.

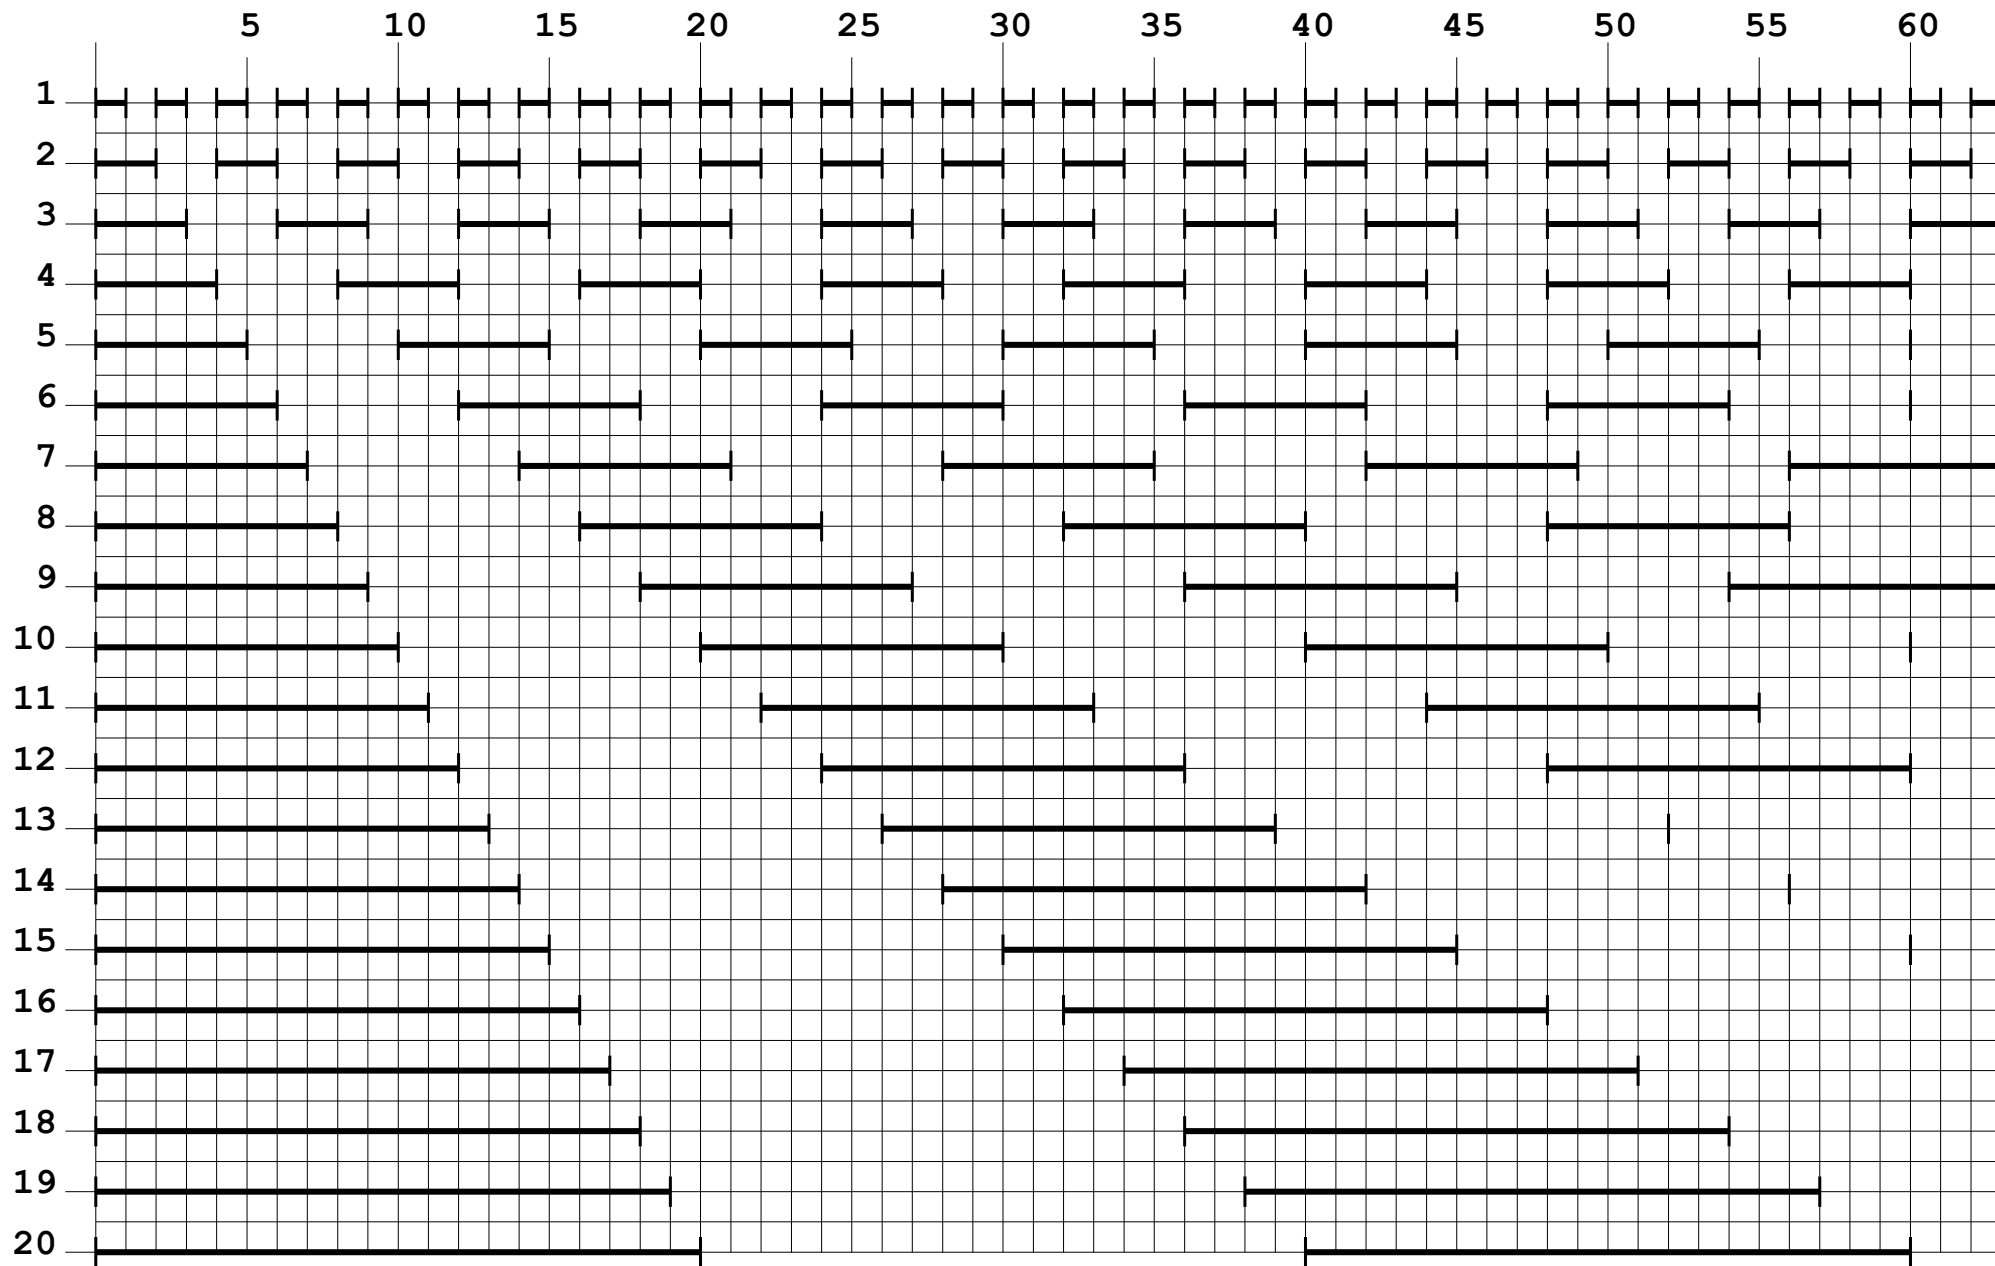

Segue tutto lo studio preparatorio.

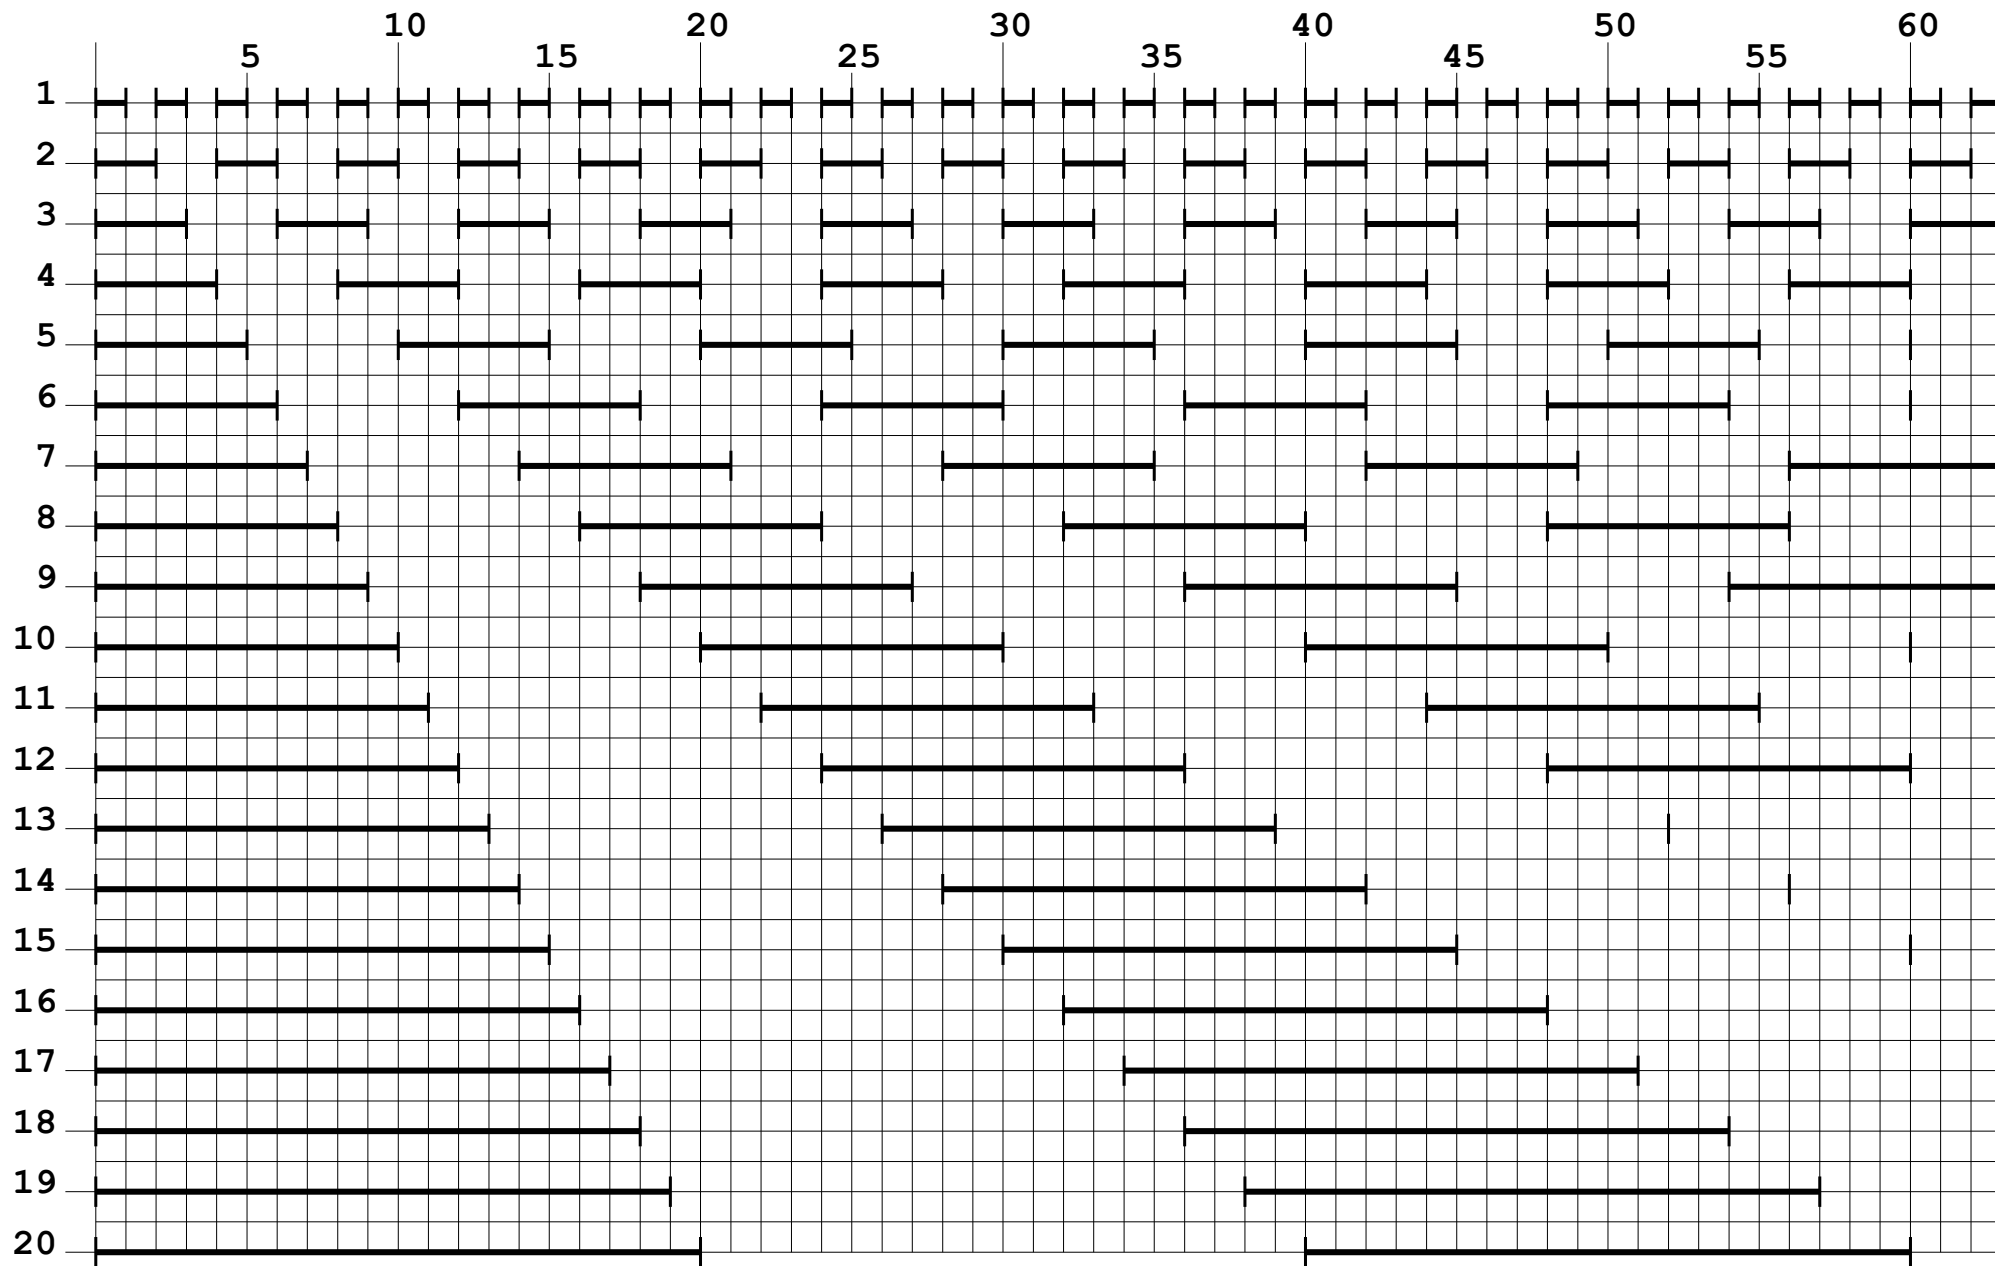

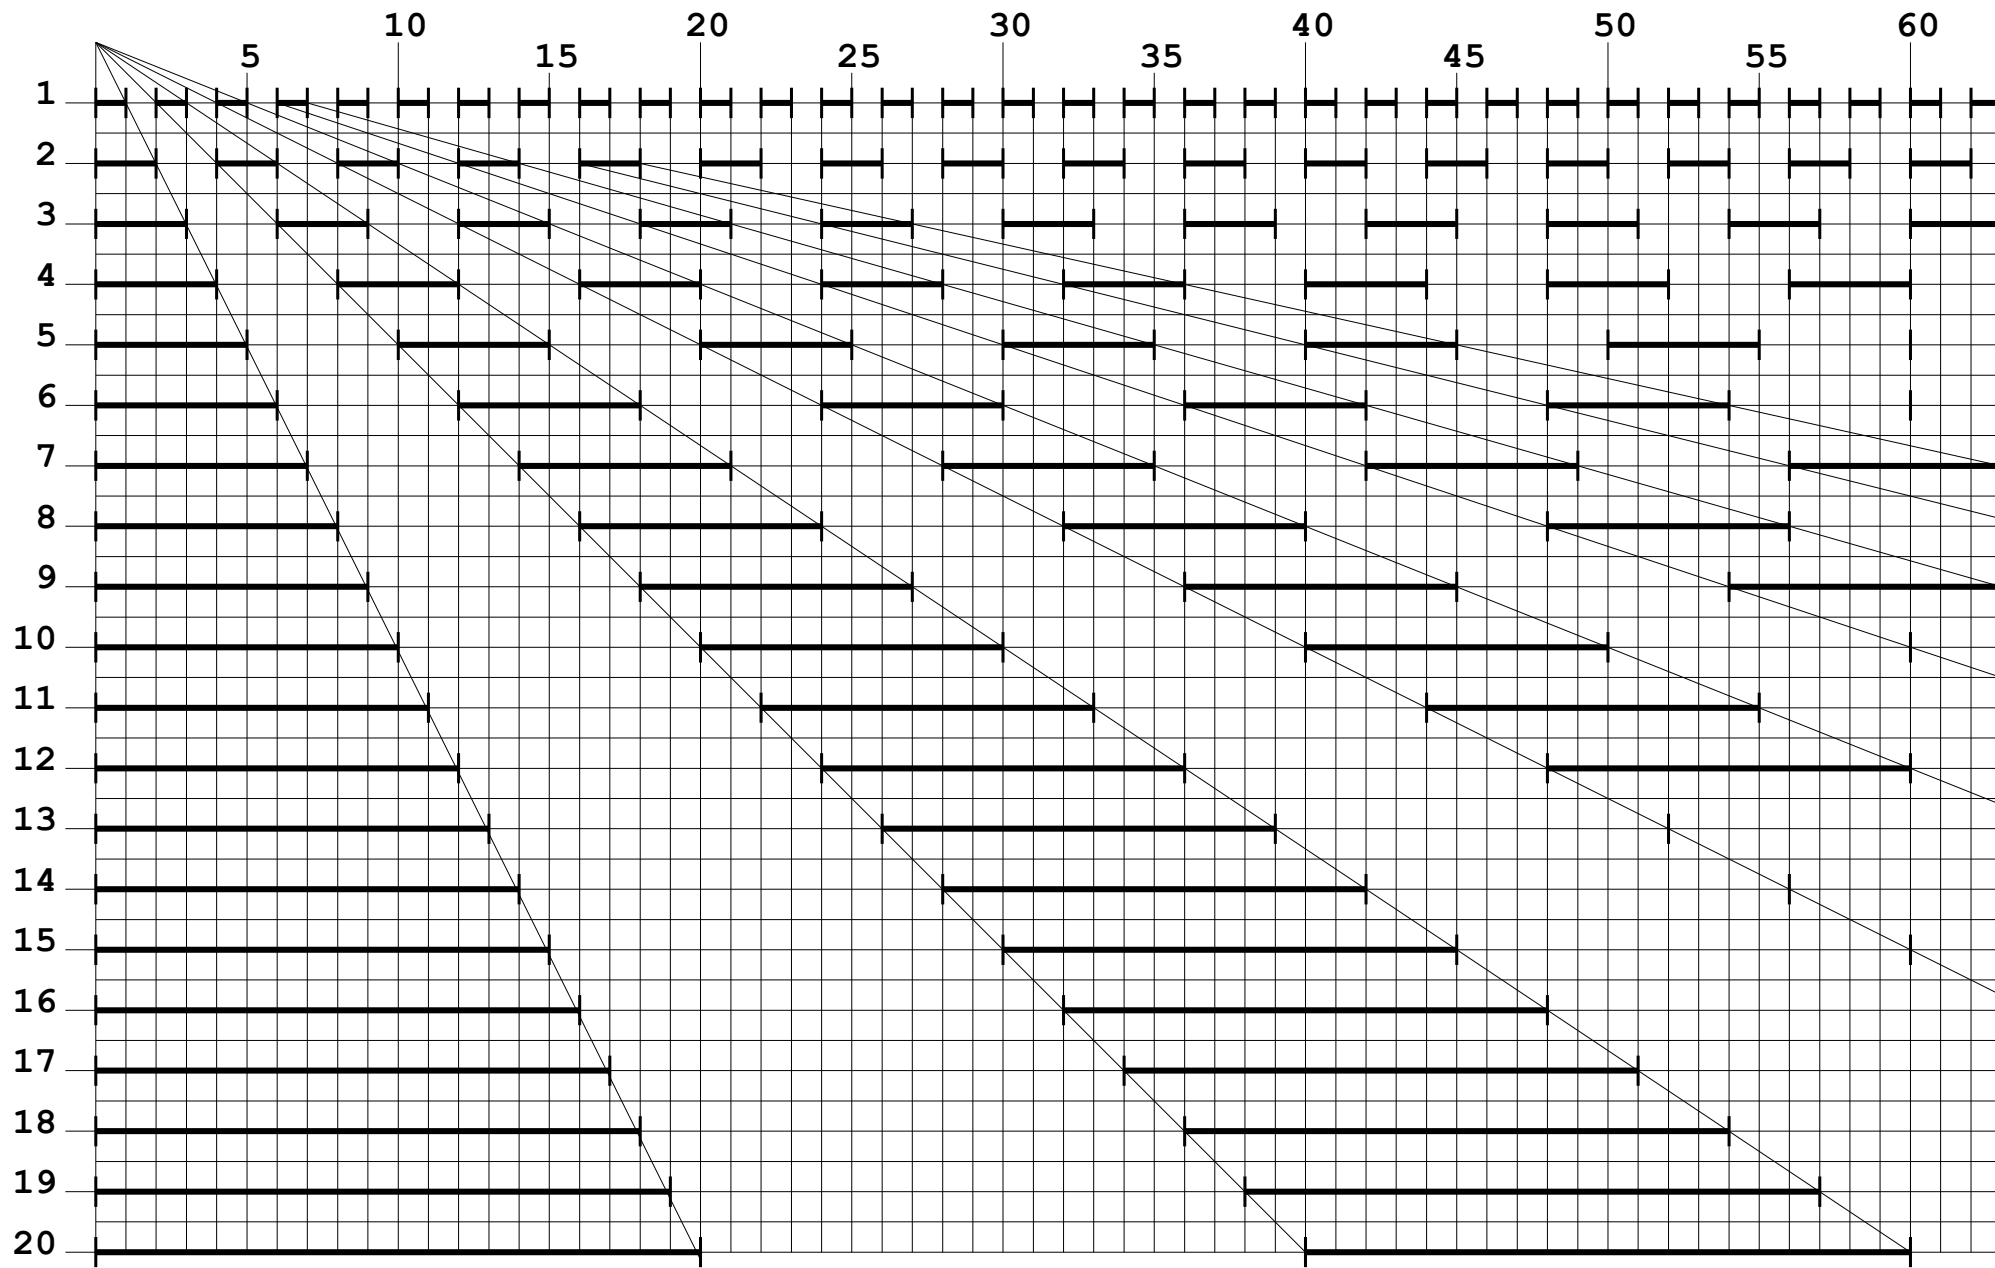

5 10 15 20 25 30 35 40 45 50 55 60

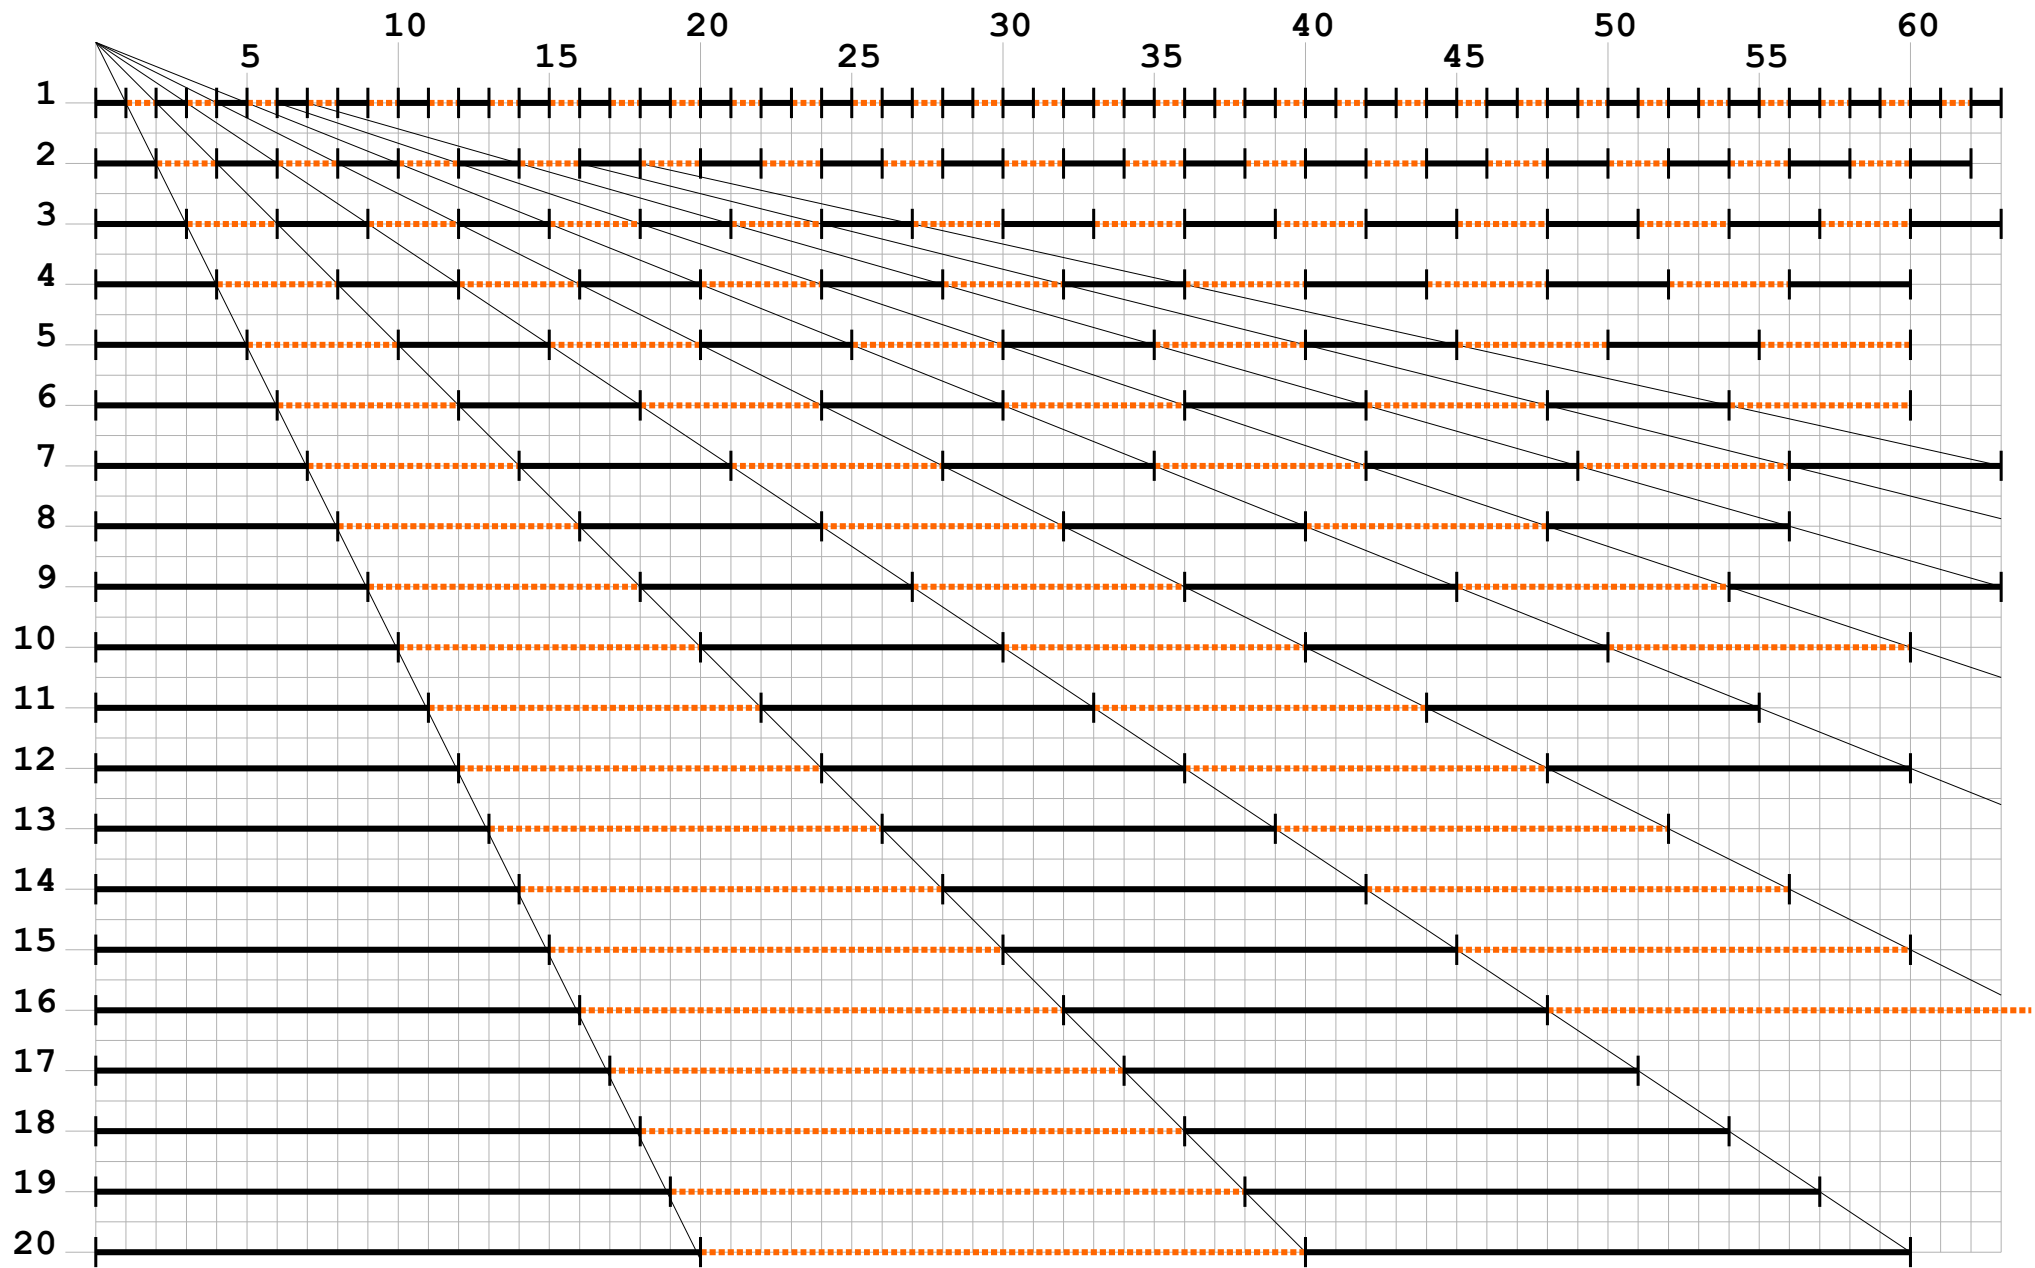

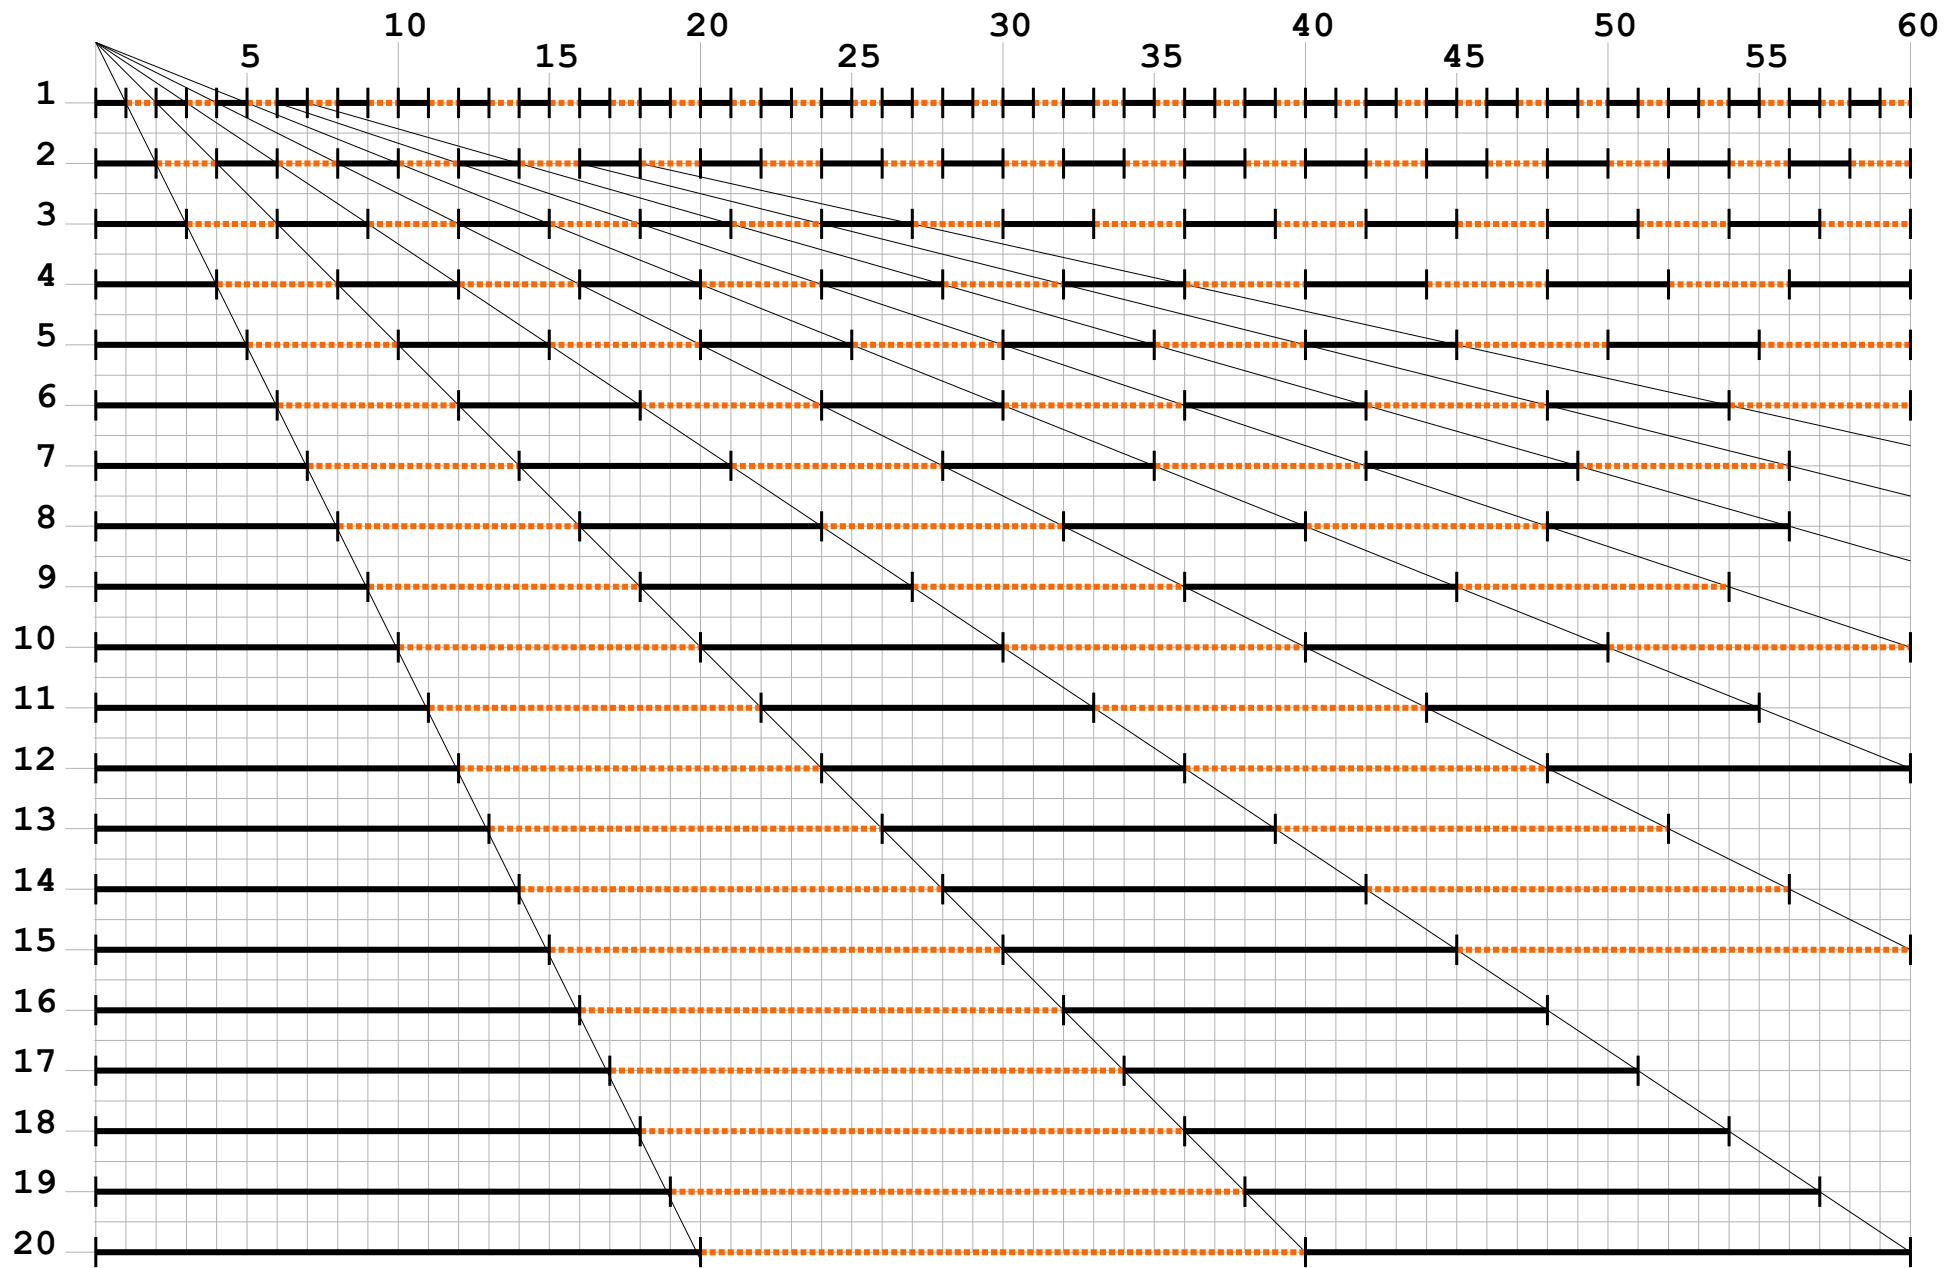

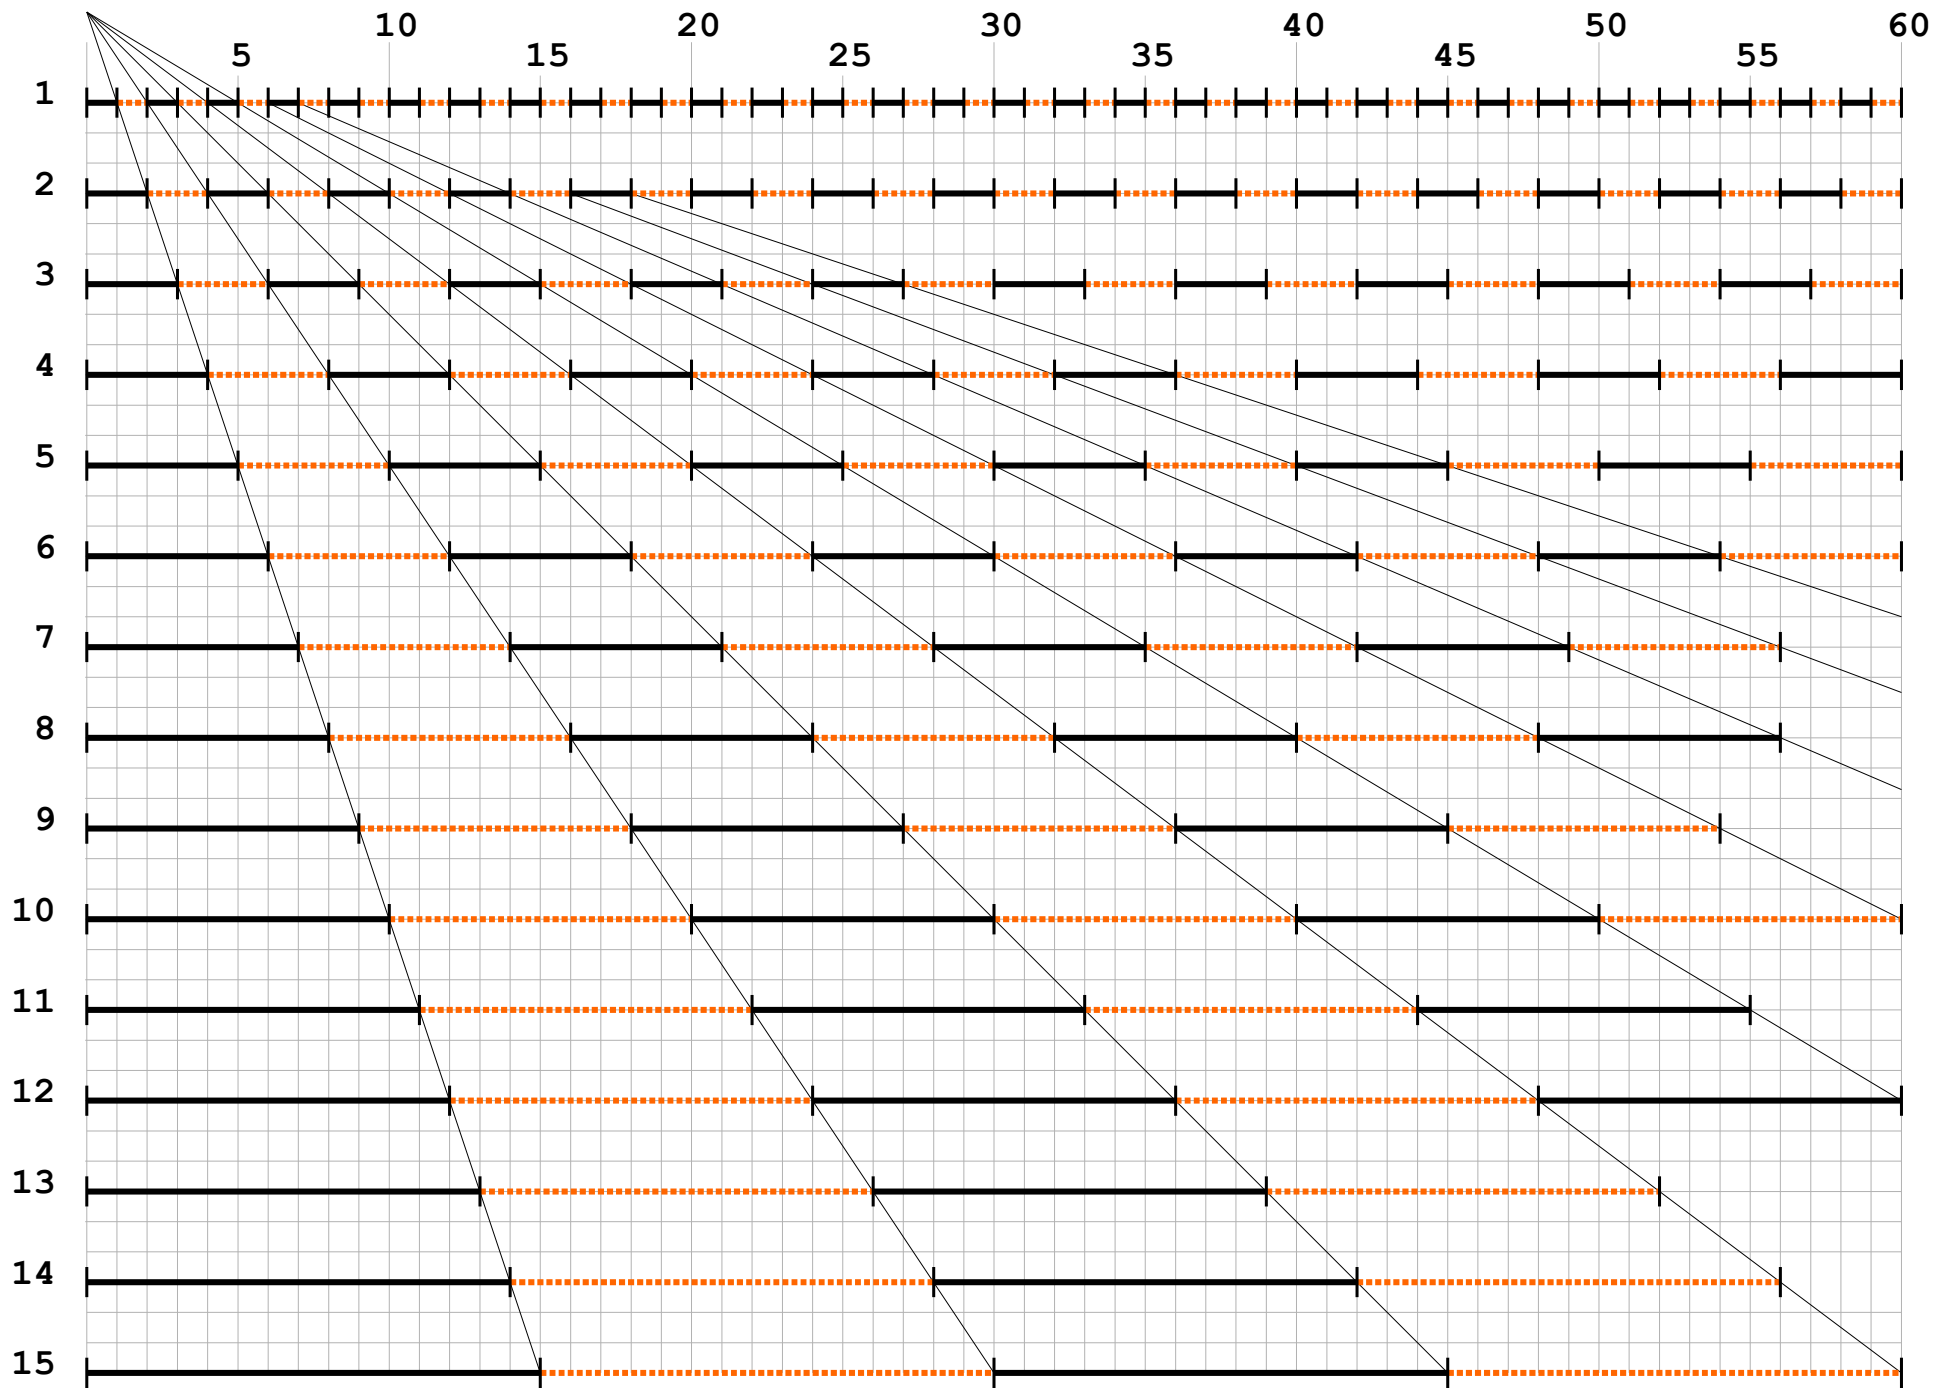

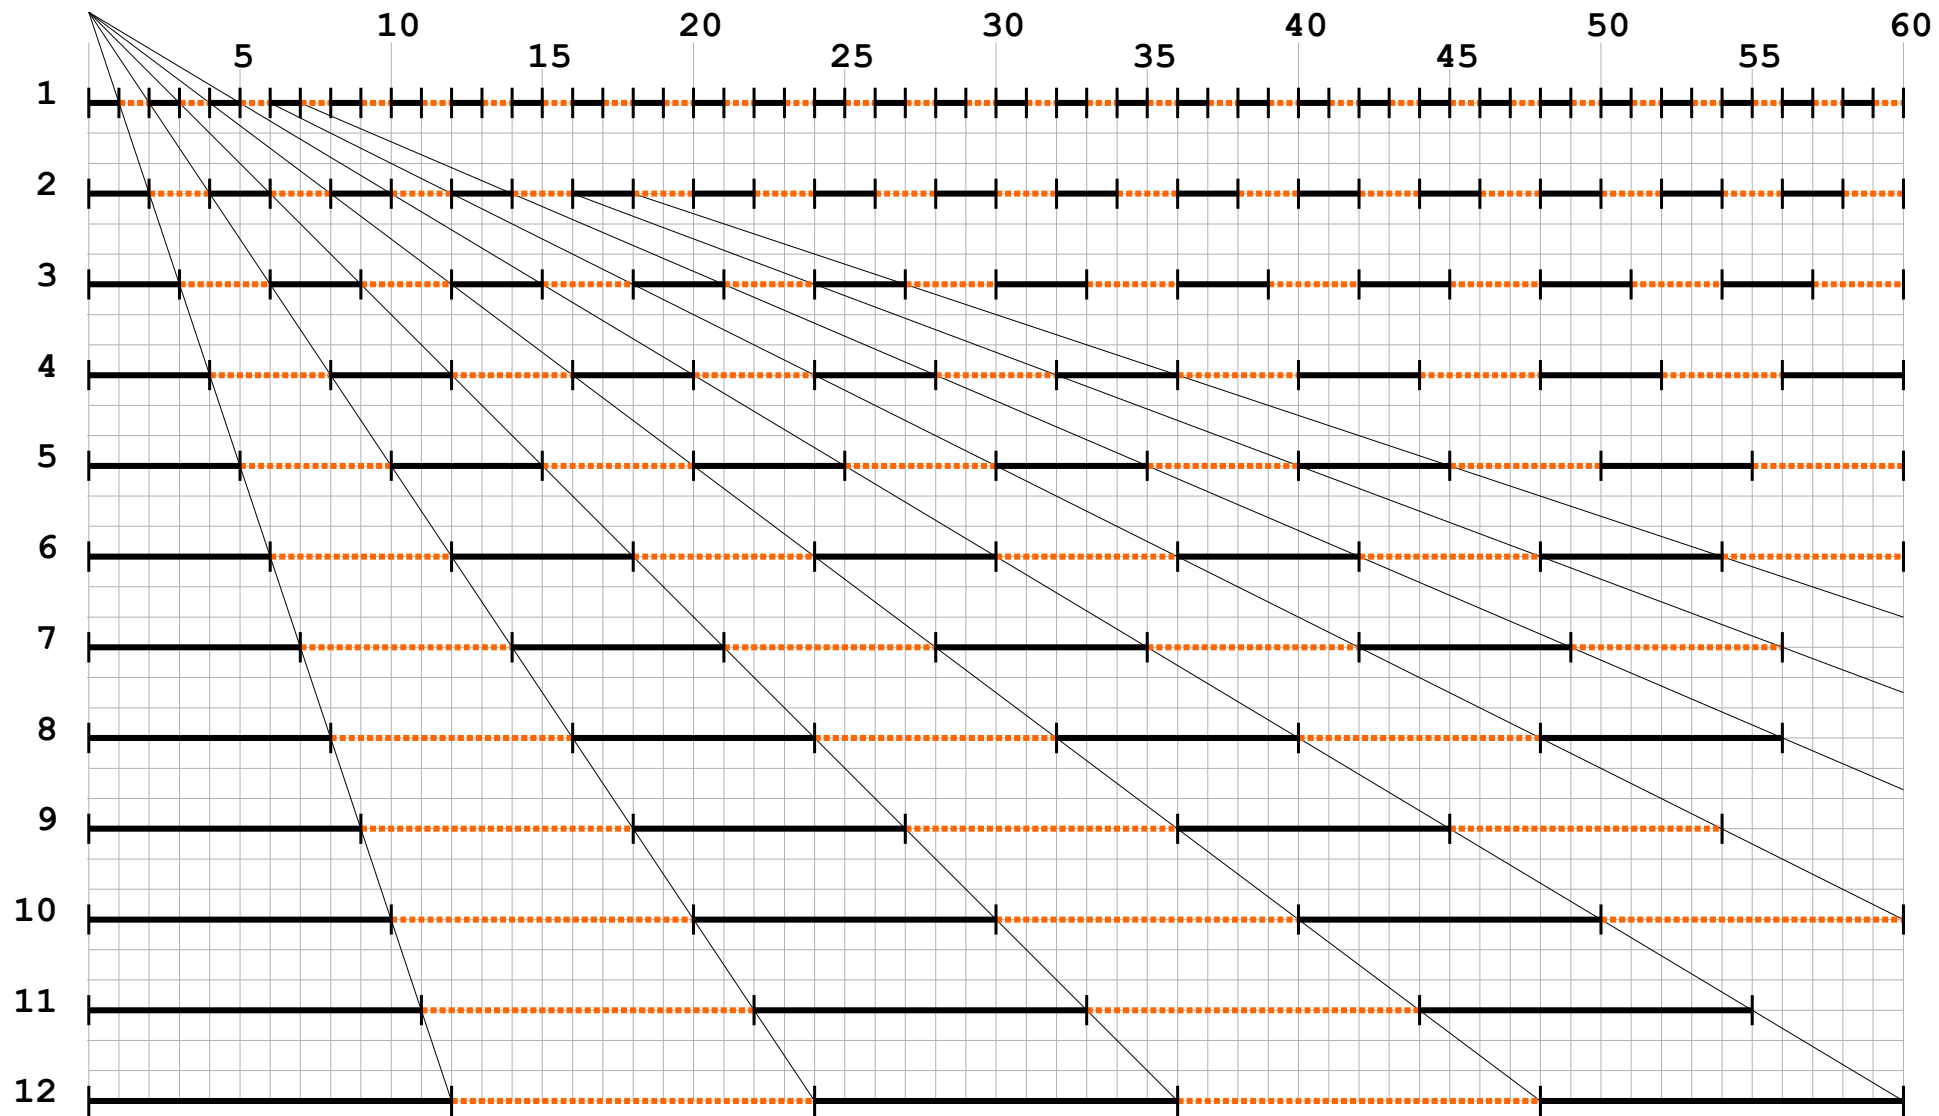

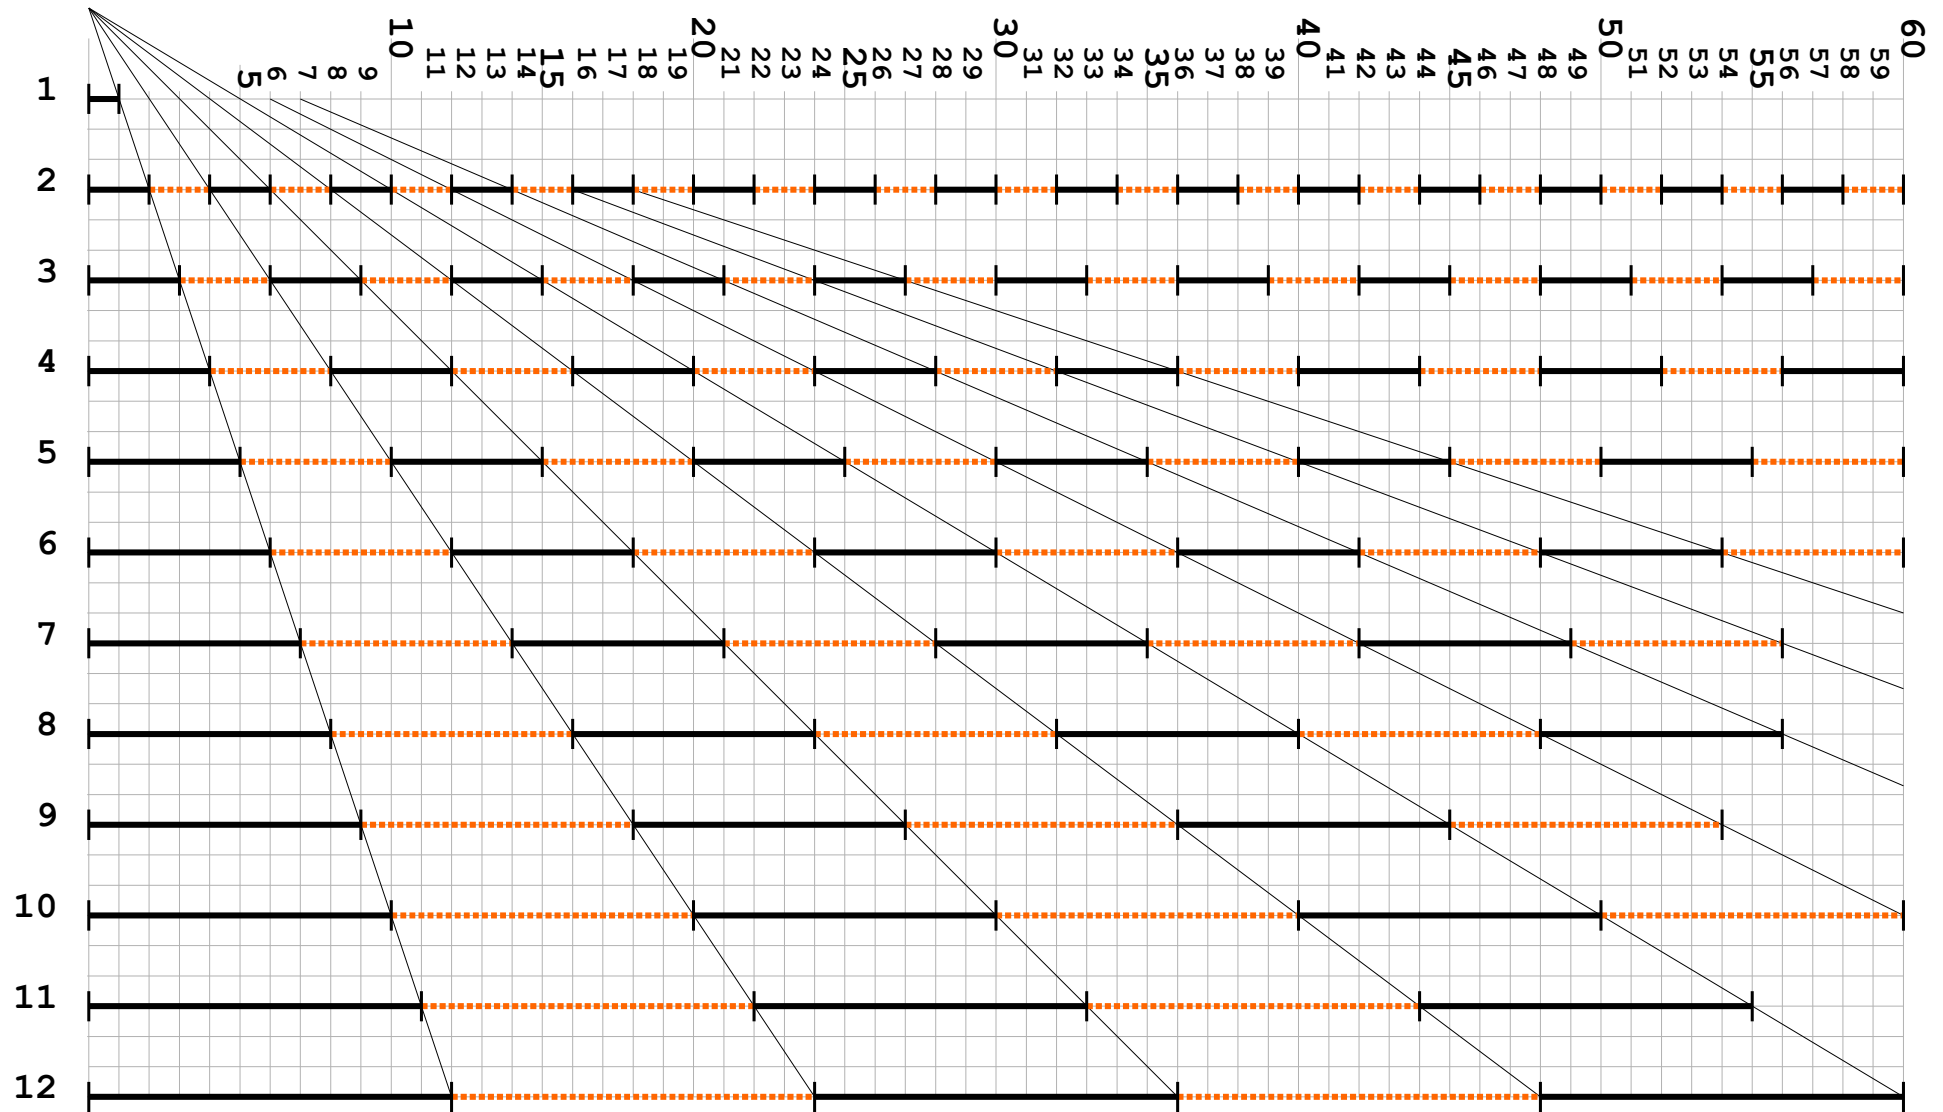

Multipli. Minimo comune multiplo. $m(nU) = (mn)U = n(mU)$.

Occorre linea di stile diverso.
Puntinata e' poco leggibile.
